SUMMARY

Front-end Web Developer with a background in Operations and Marketing. I have a great appreciation for processes and procedures. I love to combine creativity with reliability in a way that operates seamlessly for the end user.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, SQL

Applications: Node.js, Express.js, MongoDB, React.js

PROJECTS

work-day-scheduler | <https://desertpython.github.io/work-day-scheduler/>

<https://github.com/desertpython/work-day-scheduler>

- The work day scheduler app is helpful in quickly jotting down to-do items and seeing where they come into play depending on the current time and due time.
- The WorkDayScheduler was a solo project in which I coded alone.
- HTML5, CSS3, JavaScript, JQuery, Bootstrap, and Moment.js.

Password-generator | <https://desertpython.github.io/Password-generator/>

<https://github.com/desertpython/Password-generator>

- JavaScript app that uses selected criteria to create a randomized password.
- Project Lead and Sole Contributor
- HTML5, CSS3, JavaScript

EXPERIENCE

Operations Manager
Pool Corporation

Jan 2019-Oct 2020
Goodyear, AZ

- Oversaw the inventory integrity for roughly 1.5 - 2 million dollars of inventory at any given time
- Served as Safety Coordinator: maintaining proper paperwork, enforcing company and regulatory policies
- Coordinated product transfers to and from other company locations

EDUCATION

Bootcamp Certificate: **University of Arizona, Tucson, AZ**

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, OOP & ReactJS.

Bachelor's of Science in Marketing: **Louisiana State University, Baton Rouge, LA**

Studied marketing with a sales focus, took several internal audit courses, and was a member of the Pi Sigma Epsilon organization.
